Daksh Jain

AI with Machine Learning

Kota, Rajasthan jaindaksh390@gmail.com 8955682369

Objective

I am an aspiring AI/ML professional currently pursuing an MCA with a specialization in Artificial Intelligence and Machine Learning. I have a foundational understanding of programming languages such as Python and C, and I am actively developing my skills in machine learning, data analysis, and model development. With a strong interest in AI-driven software solutions and emerging technologies, I am eager to contribute to a forward-thinking team where I can apply my academic knowledge, enhance my technical expertise, and support innovative, data-driven projects.

Education

Post Graduation

Galgotias University *Sept 2024 – Sept 2026*

Master of Computer Application with AI & Machine Learning

- **Coursework:** Programming Fundamentals, Database Management, AI/ML, DSA

Graduation

University of Kota *May 2020 – May 2023*

Bachelor of Computer Application

Skills

Soft Skills : Communication skills, leadership skills,
Technical soft skills : Teamwork Ability, Project Management, Problem solving skills
AI/ML : Artificial Intelligence and Machine Learning

Projects

Student Fees Management System

- Designed a full-stack web application to manage student fee records for administrators and users.
- Implemented features for login authentication, fee collection, record keeping. Users can easily add or update student information, view payment history
- Tools Used : Python, Django (Python Framework), SQL (SQLite), HTML, CSS, Bootstrap, JavaScript (Basics), jQuery (Beginner)

Medicine Finder

- Designed a full-stack web application that helps users locate medications based on various criteria.
- Implemented features for login authentication, record keeping. Users can easily add or update Medical Information, search medicine from the database
- Tools Used: Python, Flask (Python Framework) , SQL, HTML5 , CSS3, Bootstrap, jQuery (Basics), JavaScript (Basics)

Technologies

Languages: Python, C Language, Java (Beginner), HTML5, CSS3, JavaScript (beginner level)
Technologies: Django , Flask, SQL
